

Daycare Release Form

Daycare at East Orlando Animal Hospital is provided for the off-leash play of behaviorally appropriate dogs that have been assessed and approved for group play. **Daycare is available Monday - Friday.** Single day or multiple day packages are available. Drop off and pick up times are between 7am to 7pm M-F. Please note: Daycare may not be available at all times due to limited space or inclement weather. If space is not available, we will notify any regular daycare clients ahead of time.

Dogs are required to be current on their vaccinations and internal parasite testing (Rabies, Distemper, Leptospirosis, Bordetella, Internal parasite testing) **and free of external and internal parasites** to participate in our day care program. Bordetella vaccination and internal parasite testing are required every 6 months. We are able to update any vaccinations or other services needed at the client's request.

Daycare dogs will not be routinely bathed prior to leaving; therefore they may come home damp or slightly dirty after a long day of play. If you would like your pet bathed or groomed, additional charges will apply. **If you cannot pick up your pet from daycare in the evening, we will feed and care for your pet and regular boarding rates will apply.**

We do not routinely feed daycare dogs. However, if you pet needs a special feeding, please bring the food with him/her and tell us what time he/she needs to be fed. Daycare dogs are provided with treats unless you specifically request us not to give them.
